FRESH LEVANT *bistro*

Welcome to our family table! Fresh Levant Bistro is a place to gather with friends and family, to experience delicious Levantine cuisine and freshly baked organic pastries, served with organic coffees, teas, and wines. It began as a Levantine food blog nine years ago, aimed at documenting my family's traditional, authentic recipes, and showcasing my new creations. Our cuisine is a reflection of my childhood memories of sporadic summer vacations spent in my village in the mountains of Lebanon, and of our upbringing by the Mediterranean Sea and later across the USA. I believe that good food feeds the tummy and the soul, so it is to be respected and cooked with positive intentions. I believe in organic, clean practices and foods that are free of artificial additives, harmful ingredients, and GMOs.

Cooking was an outlet to keep me connected from afar to the memories of summers long gone. However, it took a new path after I was diagnosed with an auto-immune condition that left me bed-ridden and sickly. Soon after, my husband and our two young kids were also found to have sensitivities to gluten and dairy, thus joining me on this cleansing journey with a very restricted diet. The blog then took on a new life and mission, and it attracted the attention of the local gluten-free community. And finally, our little bistro was born.

The Levant region is the area of the eastern Mediterranean (between Turkey and Egypt). Our dishes are rooted in the Levantine cuisine, celebrating the flavors of the region's spices and fresh organic ingredients. With a strong commitment to provenance and traceability, and unwavering commitment to non-GMO and organic foods, we proudly source from local farmers and regional suppliers who share our passion for earth-friendly principles, organic practices, and sharing with the community.

Our menu is created around seasonal ingredients that we prepare fresh every day, so our selections vary based on availability. We use extra-virgin olive oil and grapeseed oil for sautéing and pan-frying; grass-fed butter, ghee, and/or grapeseed oil for baking; and we sweeten our desserts with organic cane sugar or coconut sugar. Our dairy is grass-fed and organic, our beef is grass-fed, and both our eggs and poultry are organic.

All the water used here is highly filtered, fluoride-free, and pH-balanced. Beyond the natural food and drinks served here, we honor the environment by providing compostable "green" containers and utensils for your to-go meals, and by using eco-friendly cleaners throughout.

Our employees are an integral part of our success, so we work hard together to create a fulfilling work environment based on respect, integrity and creativity.

I would love to hear your feedback and suggestions, so please ask for me while you're here at the bistro or email me later at anita@freshlevant.com.

Thank you,
